

CAPITAL IMPROVEMENT PROGRAM 2008 PROJECT SCHEDULE

PROJECT No.		ST0801		PROJECT DESCRIPTION Design phase of Dulles Avenue improvements between US90A and SH6. Dulles Avenue will be widened to a four-lane concrete pavement with raised median and turn lanes between US90A and Avenue E. Turn lanes will be added at various intersections south of Avenue E, where Dulles is already a four-lane concrete boulevard with a raised median. The ongoing preliminary engineering report will refine the recommended improvements and assess drainage, cost, right-of-way and environmental issues.
